value is reflected as an unrestricted gift of land in the statement of activities.

Once the development rights for a specific conservation easement are extinguished, generally immediately after acquisition, a valuation allowance is established to reduce the carrying value of the conservation easement to a nominal value of \$1, in order to reflect the lack of marketability of the easement, due to the extinguishment of development rights. The valuation is reflected as "Program Expenses" in the statements of activities.

The quasi-endowment funds of the Big Waters Land Trust are intended to support the foundation's current operations, and capital needs, as well as the costs to manage, monitor, insure, and provide legal defense of the protected properties. Traditional endowment funds are designated by the donor and support specific properties' stewardship costs.

Part X, Line 2:

Under the Income Taxes Topic of the FASB Accounting Standards Codification, the Foundation has reviewed and evaluated the relevant technical merits of each of its tax positions in accordance with accounting principles generally accepted in the United States of America for accounting for uncertainty in income taxes, and determined that there are no uncertain tax positions that would have a material impact on the financial statements of the Land Trust.

Big Waters Land Trust protects land and water for the benefit of people and nature. A nationally accredited land trust, we partner with landowners, businesses, government, and the community to identify critical land parcels and protect them in perpetuity. Our urgent work is accomplished by purchasing natural areas, holding voluntary land conservation agreements, creating, and restoring native habitats, and educating for responsible land and water stewardship. We continue to steward natural areas on twenty-six different properties totaling over 3,040 acres. This includes pine flatwoods restoration on Pine Island in Lee County, Myakka River restoration in Manatee and Sarasota Counties, and scrub restoration in Myakka City. Our work contributes to water quality, flood prevention, wildlife corridor connectivity, habitat protection, and unique public access, benefiting all those who call our region home. This year, we acquired a privately-owned property within the boundaries of Charlotte Harbor Preserve State Park at the mouth of Tippecanoe Bay on Sam Knight Creek. The State of Florida purchased the property from us as an addition to the State Park. Secondly, we purchased one of the last remaining, large, privately-owned, undeveloped 64-acres along the riverfront of the Manatee River partnering with Manatee County to conserve Southwest Florida's critical natural areas for the benefit of all. 656 acres were saved in Sarasota County connecting the property to the Florida Wildlife Corridor and bringing the total conserved lands protecting the Myakka River to over 130,000 acres. Finally, we purchased a 58-acre conservation easement adjacent a previous 14-acre conservation easement

in Manatee County bringing our official acres protected to 20,004 acres.

Our community education, youth education, outreach events, speaking engagements, and volunteer programs continue to expand increasing number of community members engaged. This year alone, we engaged 7,305 community members. Through these interactions we are achieving our strategic goal to increase the perceived value of nature and conservation throughout the region by informing, connecting, and engaging people. In addition, we continue to expand in both the numbers and partner organizations and counties we reach.
